## Schedule of

# Infrastructure Week

Infrastructure Week (IW) was created to educate America's public about the importance of infrastructure to the nation's economy, workers, and communities. IW is designed to make the case for investing in the transportation, water, energy, and communications systems that keep America competitive, prosperous, and safe.

### **MONDAY, MAY 13 – (9 A.M. – Noon)** **Metro Atlanta Chamber of Commerce** **Infrastructure Week Panel Discussion**

Commissioner Kishia L. Powell discusses Intelligent Infrastructure as they look at the future of infrastructure in the Atlanta region and around the country.
